

Photon Energy Group is a group of companies with a shared mission: making clean energy, clean water and clean environments accessible to everyone.

Photon Energy provides comprehensive solutions that support the generation of clean energy and the integration of renewables into the electrical grid. **Photon Water** offers water treatment and management solutions, and **Photon Remediation** deploys advanced technology to remove contamination from all environments.

A publicly traded company operating in over 15 countries across two continents, we combine a global outlook with localised expertise.

Since our founding in 2008, we've expanded to a team of more than 400 employees around the world. And we're committed to fostering a culture of shared values and sense of purpose as we continue to grow. For more information, please visit photonenergy.com.

Senior IT Support Engineer

We are looking for an experienced **Senior IT Support Engineer** to strengthen our IT team. You will provide advanced technical support and help maintain and improve the company's IT infrastructure while contributing to key IT projects.

Key Responsibilities

- ▶ Perform top-tier maintenance and administration of IT infrastructure, ensuring reliability and security
- ▶ Manage and contribute to projects including Intune improvements, security hardening, cloud infrastructure development, network modernization, automation, and AI adoption
- ▶ Provide expert-level technical support for hardware, software, networking, and security issues
- ▶ Mentor and provide technical guidance to junior IT colleagues, fostering a collaborative and learning-oriented environment
- ▶ Provide security-related training to end users

Qualifications and Experience

- ▶ Several years of experience in IT, with strong expertise in Microsoft environments (AD, Entra, Exchange, SharePoint, Defender, Intune, Azure services)
- ▶ Advanced knowledge of MS Windows operating systems (desktop and server)
- ▶ Knowledge of scripting or automation (PowerShell, Power Automate)
- ▶ Experience with managing small IT projects
- ▶ Solid grasp of cybersecurity

- ▶ Good communication skills in English (written and spoken)
- ▶ Strong problem-solving skills, self-motivated, and able to work independently with minimal supervision

Our Offer

- ▶ An interesting job at a fast-growing global organisation in the promising fields of renewable energy, environmental remediation, and clean water technology
- ▶ Company culture built on trust and diversity
- ▶ Remuneration reflective of individual experience and skills
- ▶ Indefinite full-time employment contract
- ▶ Flexible working hours and occasional home office with manager's approval
- ▶ Teambuilding and corporate events
- ▶ Support for ongoing professional growth through tailored training sessions, courses, and more
- ▶ 25 days of vacation, 3 sick days, 1 CSR day (a working day dedicated to a non-profit organisation aligned with the Group's mission and values)
- ▶ Meal allowance lump sum
- ▶ Multisport card allowance
- ▶ Laptop and mobile phone
- ▶ Participation in an Employee Share Purchase Program after the first year of employment (company shares to a personal brokerage account as a bonus to your monthly salary)

If you are interested in the position and fulfil the above requirements, please apply online or send your CV to careers@photonenergy.com.
